Diagnosics Swing Clinic

Elite Sports Training Baseball Instructor, *Neal Turvey*, will be conducting a 3-week camp discussing a successful hitter's mind-set before, during, and after their at bat. Anticipating pitches, noticing trends, and proper review of at bats in order to gain a competitive advantage at the plate is integral in developing your young hitter. Let us get your mind right this winter, to guarantee success this summer!

Don't spend another season hoping to break into the line-up, make your bat irreplaceable!

Monday nights beginning January 30th, from 6:30 to 8:00
