- New Era Camp staff consists of current and former college softball coaches and players as well as high school coaches. Players of all ages and skill levels will learn the techniques that today's players are using at the highest levels.

Our camp is not only geared toward improving each player's game but also stresses the importance of having fun through games and contests

• **HITTING**

Learn softball hitting techniques from the bottom up! We will start with the basics, learn how to power through the ball, get faster bat speeds, better pitch recognition, learn how to drive the pitch to opposite field, and learn how to wait on a change-up!

• **PITCHING**

Learn current pitching techniques and drills used by Olympic players to increase speed, accuracy, and movement. Develop consistency with your current pitches and work on new pitches that are best suited for your form.

• **ALL POSITION**

All position camps help to teach the players the basics of softball while also focusing on mental training. We will cover hitting, throwing, catching, sliding, fielding, bunting, lead offs, slapping, defensive plays, 1st and 3rd situations, how to cover the bases, and more.
