The Lightning offers two classifications for their program. The Lightning program will offer indoor training facilities, which includes the opportunity to take part in extra batting, infield, and pitching lessons. In addition to a complete league schedule, the Lightning teams will take part in out of town tournaments, Nationals, and college showcase tournaments. The Lightning also will help prepare girls for possible college softball careers by helping with recruiting, including recruitment videos

---

For those that aren't ready for the "NEXT STEP" in travel softball, the Lightning will also have 2nd Tier teams in their organization. The Storm teams will play a complete league schedule, and enter in 4-5 local tournaments. These teams will focus more on teaching, and learning the game, and may quite possibly help a player make that jump to Lightning the following year.
